## 7. Summary of Current Actions

The NWS Key West advises all to stay tuned to National Weather Service and local media, and be prepared to take actions to secure your property and seek shelter outside of Monroe County; this is a serious potential Category 3 Hurricane. Monroe County Emergency Management is actively monitoring the storm. A County teleconference was held Saturday September 6, 2008 at 0900 hour. There are reports of fuel and diesel shortages throughout the Lower and Middle Keys. The schedules of county wide calls are at 0900, 1500, and 2100 hour starting Saturday September 6.
